was filed on April 27, 2001 as reissue application number 09/844,564
 and was amended on _____
 (If applicable)

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b). Attached is form PTO/SB/02B (or equivalent) listing the foreign applications.

I verify believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

by reason of a defective specification or drawing.

by reason of the patentee claiming more or less than he had the right to claim in the patent.

by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

Claim 1 is inconsistent in that it claims two separate embodiments that should have been claimed as separate dependent claims. Specifically, column 7, lines 42-47, and column 8, lines 3-8, describe two separate embodiments of the invention relating to FIGS. 4 and 7, respectively, and should not be included together in Claim 1.
